

## DiaFiber Plus<sup>®</sup>

But through decades of research scientist have discovered that some dietary fibers can provide other health benefits as well, such as binding cholesterol in the intestine, helping manage your blood sugar levels and keeping you feeling fuller longer without adding extra calories

### DiaFiber Plus

Active Ingredients	Powder	
MethylCellulose	<input checked="" type="checkbox"/>	DiaFiber Plus <sup>®</sup> provides one of the most convenient and beneficial kinds of fiber ingredients putting you on the fast track to a healthier, vital lifestyle. DiaFiber Plus <sup>®</sup> is an all-natural soluble fiber with high concentration of methylcellulose and beta glucan from oat. More methylcellulose means less ingredient required to deliver health benefits.
Glucomannan	<input checked="" type="checkbox"/>	
Beta Glucan	<input checked="" type="checkbox"/>	
Maltodextrin-2	<input checked="" type="checkbox"/>	
Inulin	<input checked="" type="checkbox"/>	
Pectin Apple	<input checked="" type="checkbox"/>	DiaFiber Plus <sup>®</sup> is the only product that combines the finest soluble fiber in the market. Fast and has a high viscosity. The FDA has recognized that the viscosity formation is a key property for the physiological effects of consuming soluble fiber.
Pectin Grapefruit	<input checked="" type="checkbox"/>	
Vitamin B1	<input checked="" type="checkbox"/>	
Vitamin B2	<input checked="" type="checkbox"/>	
Vitamin B5	<input checked="" type="checkbox"/>	
Vitamin B6	<input checked="" type="checkbox"/>	
Vitamin B12	<input checked="" type="checkbox"/>	
Niacin	<input checked="" type="checkbox"/>
